

NEWSLETTER

Siyakhula Elevators recently upgraded a goods hoist to meet SANS 1545-5 compliancy.

Our service manager reviewed the hoist and compiled a report to identify the non-compliance of the existing unit . We upgraded the whole lift cabin and installed new landing doors, installed all the necessary safeties and rewired the whole lift shaft to a new controller to ensure compliance. Have a look at our Instagram/Facebook page to see the before photos!

MEET THE STAFF

This month we are introducing Nyiko Sibuyi! We have recently enrolled him to pursue a qualification in electrical studies . As a company , we pride ourselves in providing our employees with tools, training and opportunities needed to expand their skills and adapt to new challenges. We wish him all the best on his new journey.

Did you know?

Elevator music aimed to create a more pleasant experience for passengers by filling the silence and potentially reducing awkwardness during the ride. Some say it was also used to soothe anxious passengers.
