

NEWSLETTER

We've just wrapped up the installation of a sleek 3-stop lift in a stunning structural steel tower with glass cladding. The best part? It blends seamlessly into the existing building with minimal works required! Have a look at our social media posts to see the before photos of this project! Our AR:IA lifts are in high demand thanks to their whisper-quiet operation, compact design, and ability to integrate effortlessly into almost any building type.

MEET THE STAFF

This Women's Month, we proudly celebrate and acknowledge our director, Lauren Robertson, for the incredible role she plays in our business. Lauren's leadership is defined by her unwavering dedication, her ability to inspire, and the genuine care she shows for each member of our team. She not only drives the business forward with vision and determination, but also ensures that our staff feel supported, valued, and motivated every step of the way. We are deeply grateful for her guidance, her commitment to excellence, and the positive impact she continues to make in the workplace and beyond.
